

Transfer Between Providers Policy

1. Purpose

To describe the circumstances the Institution will enrol an international student transferring to the Institution and release an international student from the Institution to another registered provider, prior to the completion of six months of study in their principal course. The policy ensures the Institution is compliant with the ESOS Act and the requirements of the National Code, Standard 7.

2. Scope

This policy applies to all international students holding a student visa and requesting a transfer or release before the completion of six months of their principal course. This policy does not apply to international students who:

- have completed six months of their principal course with the Institution;
- transfer to another course within the Institution; or
- hold a visa, that is not a student visa, and that visa is not subject to the National Code.
